

Tidmas Townsend

Packaging That Delivers

ABOUT US

Tidmas Townsend Ltd are a family run specialist packaging solution company and corrugated box manufacturer that provide a quick, reliable and friendly service that won't let you down. The company's reputation is built on over 90 years of successful business trading, supplying retail and industrial outlets across the South of England

Our goal is to provide a committed and sustained service to all of our customers both new and old, whilst actively pursuing growth through product improvement and innovation.

We accomplish this by providing our customers with regular visits from an area sales representative, weekly sales calls and effective communication from our office sales staff

DELIVERY

Most of our orders are delivered within 24 – 48 hours. If you require goods sooner than this then please contact us.

CARRIAGE

All orders over £100 are carriage paid. Orders under this value may be subject to a small delivery charge.

COLLECTION

Our head office also serves as a cash & carry so please feel free to call in and collect your order (minimum one hours notice required)

HOW TO ORDER

PAYMENT METHODS

We can accept the following payment methods. Credit account applications available on request

OUR COMMITMENT TO THE ENVIRONMENT

At Tidmas Townsend we realise the impact that our goods and services may have on the environment. With this in mind we look to contain this impact by implementing the **Reduce, Re-use, Recycle** policy

- **CO2** – We deliver using our own transport and, where possible, organise all of our deliveries into structured routes, delivering to as many customers in one area as possible
- **Sustainable Forestry** – All of our paper products are sustainably sourced. We purchase from manufacturers who are audited by the Forest Stewardship Council (FSC). These companies must meet strict criteria when sourcing their materials, leaving you in the knowledge that your products are ethically sourced.
- **ISO 14001** – Many of our suppliers are now registered to ISO 14001 which is the internationally recognised standard for the environmental management of businesses

- **Reduce** – With advances in technology it is now possible to produce many products lighter, thinner or in less outer packaging than before whilst still maintaining the integrity of the product.
- **Re-use** – Many of our products can be reused multiple times if kept well and looked after in the right way. We also supply a range of once used boxes which are widely purchased for household removals.
- **Recycle** – Keep landfill to a minimum and recycle a product if it cannot be reused. Many of our paper and plastic products can be recycled at the relevant waste management facilities.

MEASURING A BOX

It is important to know the correct method when measuring boxes so that we are able to provide you with the correct size.

Dimensions are usually measured internally and presented in millimetres

Length (L) x Width (W) x Height/Depth (H/D)

SINGLE WALL STOCK BOXES 0201 GLUED

Metric Size	Imperial Size	Grade	Pallet Qty

POLYSTYRENE & FOAM PACKAGING

Looking for added protection for your products?

We can provide stock and bespoke solutions for a range of packaging items such as:

- Expanded Polystyrene in a variety of densities
- Profile & ESD Foams – *Dimple foams and anti static suitable for electrical items*
- Ethafoams – *Heavy Density suitable for heavy goods and able to withstand repeated impacts*
- Packaging Foams – *Suitable for shaped items and those needing retail presentation*

EL Light – With the same warehouse space you can store 46% more AirCap E Bubble in comparison to the standard brands. Besides the reduction of CO2 emission, AirCap E is reusable and recyclable.

The use of the barrier allows for use of a thinner film that also contributes to source reduction.

We are stockists of Sealed Air products, the brand leader in barrier bubble protective packaging

Easy tear system, no need for scissors

JIFFY FURNIGUARD & FURNISOFT

Description	Size
FURNI-guard	1200mm x 100m
FURNI-soft	1200mm x 100m

Used by furniture exporters and hauliers. A superb method for ensuring goods are not damaged in transit

Cell-Aire Foam is the perfect non-abrasive, non-corrosive item for packaging delicate products. It's lightweight and flexible design ensures that the product is protected from scratches and abrasions that can occur during transit. Cell-Aire is water resistant and is supplied in various thicknesses to suit the needs of the user.

Similar to our bubble wrap, Cell-Aire Foam is supplied as a 1500mm wide roll but can be cut to the following widths.

1500mm - Cut 2 x 750mm

1500mm - Cut 3 x 500mm

1500mm - Cut 5 x 300mm

AIRPOUCH FASTWRAP SYSTEM

The AirPouch® FastWrap™ – A higher standard of excellence in protective packaging on-demand
The AirPouch® FastWrap™ is the industry’s most flexible, reliable and user-friendly on-demand protective packaging system. The FastWrap system produces inflated bubbles or tubes used for wrapping, interleaving and block-and-brace applications. FastWrap secures and cushions your products while in transit, reducing returns and increasing customer satisfaction.

Compact and convenient, the all-electric design and small footprint of the AirPouch FastWrap is ideal as a stand-alone system or combined with a variety of equipment accessories for any size pack station.

The FastWrap system features state-of-the-art technology that ensures reliability and quality. Plus, the AirPouch FastWrap on-demand protective packaging system features a knifeless design – eliminating the primary wear item found on other machines in its class.

AirPouch FastWrap cushioning bubbles feature our patented, channel-filled honeycomb design, which allows multi-direction wrapping and improved product protection. FastWrap block-and-brace tubes feature our patented EZ-Tear™ Perforations between each tube, making them easier to separate and reducing material waste. Both products are available in a variety of system-matched film types, including GeoTech® Oxodegradable and Reprocessed films. The convenient, boxed material is easy to handle, and dramatically reduces the storage requirements found with paper, foam and pre-filled bundle bubble materials.

AIRPOUCH EXPRESS 3 PILLOW PACK SYSTEM

The AirPouch Express 3 Tabletop Void-fill System provides on-demand, easy-to-use AirPouch EZ-Tear™ air pillows for high packing productivity, reduced shipping costs, and increased customer satisfaction. Operating at speeds over 50 feet per minute in semi-or fully-automatic modes.

AirPouch Express 3 creates continuous strips of air pillows that are ideal for all protective packing applications. Weighing in at just 35 pounds, this compact, all-electric system features operator-friendly controls and virtually maintenance-free operation. Simply plug the unit in, load the air pillow material, and start packing.

The AirPouch Express 3 also offers a wide variety of accessories and integrated system configurations for optimum productivity in each unique application. Basic accessories can be added to the Express 3 to create a simple, stand-alone packing station, or the system can be integrated into existing workstations for high productivity, multi-user order fulfillment operations.

We offer our Airpouch film in 4 popular sizes in either heavy or light gauge. We also offer five different film types to suit the varying needs of our customers

Standard Clear
Oxo Degradable
Reprocessed
Reprocessed Degradable
Anti-Static

Our cardboard carton shredders turn small quantities of old cardboard into void fill packing material in seconds. The shredders can create either a padding material or flat padding mats to reduce and reuse waste cardboard. Each model is very operator friendly and most come complete with built in dust extraction

CP320S2 CARDBOARD SHREDDER SINGLE PHASE

- Produces void-fill at approximately 12m/min
- Maximum run time 2 – 3 hours
- Cuts up to 320mm wide
- Cuts up to 12mm thick
- Dimensions 660mm **W**
660mm **D**
1060mm **H**

CP422S2 CARDBOARD SHREDDER SINGLE PHASE

- Produces void-fill at approximately 13m/min
- Unlimited run time
- Cuts up to 420mm wide
- Cuts up to 15mm thick
- Dimensions 660mm **W**
660mm **D**
980mm **H**

CP428S2 CARDBOARD SHREDDER THREE PHASE

- Produces void-fill at approximately 14m/min
- Unlimited run time
- Cuts up to 420mm wide
- Cuts up to 17mm thick
- Dimensions 800mm **W**
750mm **D**
1100mm **H**

STRAPPING KITS & DISPENSERS

PLASTIC HAND STRAPPING KIT

Start up plastic strapping kit consisting of the following
 1 x Strapping Trolley
 1 x 12mm Strapping Tensioner
 1 x 12mm Strapping Sealer
 1 x Box of Seals
 1 x Roll of Black Strapping
(Kit can be customised to your specification – please ask)

SEMI-AUTO & AUTOMATIC STRAPPING MACHINES**TMS300 SEMI AUTOMATIC STRAPPING MACHINE**

MODEL	TMS300
DIMENSIONS	920mm (W) x 595mm (D) x 785mm (H)
TENSION	15-45KGS
STRAP WIDTH	6mm – 15.5mm
STRAP SPEED	2.5 seconds/cycle (60hz)
POWER SUPPLY	230v/50Hz
CONSUMPTION	0.3kw

The TMS300 is a reliable semi automatic strapping machine. Simple to operate, feed the strapping around the package and the machine automatically tensions and heat seals the strap. Accepts polyprop machine strapping from 6mm – 16mm wide on 200mm or 280mm cores. Designed to provide a quick efficient method of strapping single or multiple packages of varying sizes. This machine features external tension control, a safety cut-out switch when the top is opened and the enclosed cabinet design keeps the strapping clean and dust free

TRS600 AUTOMATIC STRAPPING MACHINE

MODEL	TRS600
DIMENSIONS	1430mm (W) x 620mm (D) x 1540mm (H)
TENSION	10-70KGS
STRAP WIDTH	9mm – 12mm – 15.5mm
STRAP SPEED	2.2 seconds/cycle (60hz)
POWER SUPPLY	230v/50Hz
CONSUMPTION	1.2kw

The TRS600 Automatic machine is designed for strapping high volumes of cartons and packages. Simply place the pack under the arch and at the press of a button the machine will automatically strap the pack. The TRS600 is capable of up to 27 straps per minute providing an efficient solution to your strapping needs. The main features are external tension control – to suit pack application, short feed sensor – to prevent misfeeds. A range of sizes are available to suit your application.

AFS900 EVOLVE AUTOMATIC STRAPPING MACHINE

MODEL	AFS900 EVOLVE
DIMENSIONS	1430mm (W) x 620mm (D) x 1540mm (H)
TENSION	10-70KGS
STRAP WIDTH	9mm – 12mm – 15.5mm
STRAP SPEED	2.2 seconds/cycle (60hz)
POWER SUPPLY	230v/50Hz
CONSUMPTION	1.2kw

The AFS900 Evolve automatic strapping machine is one of the most advanced in it's class. Based on the TRS600 design and incorporating features such as auto strap feed – for easy strap loading, short feed sensor and re-feed function – reducing mis-feeds. Electronic tension control – for quick and simple tension adjustment. Auto loop ejector which eliminates downtime

PLASTIC HAND STRAPPING

Width	Thickness	Length	Colour	Break Strain
12MM	0.8MM	1000M	BLACK	260KG
12MM	0.55MM	2000M	BLACK	145KG

SILVER	75MM X 50MTR	16
BLACK	90MM X 50MTR	12
WHITE	90MM X 50MTR	12
SILVER	90MM X 50MTR	12

Vinyl cloth reinforced tape in various colours with aggressive adhesive backing. The ultimate maintenance aid. A must for temporary repair work, studio and artwork. Waterproof, suitable for use on pipes, ducts and insulation

CLOTH TAPE

PALLET WRAP CLEAR (BLOWN FILM)

Roll Width	Roll Length	Micron	Core	Case Quantity
400MM	250M	17	STANDARD	6
400MM	250M	17	EXTENDED	6
400MM	250M	20	STANDARD	6
400MM	250M	20	EXTENDED	6
400MM	250M	23	STANDARD	6
400MM	200M	34	STANDARD	6
400MM	200M	34	EXTENDED	6

Pallet wrap is an effective way to stabilise goods on a pallet keeping away dirt and moisture.

PALLET WRAP DISPENSER

PALLET WRAP BLACK (BLOWN FILM)

Roll Width	Roll Length	Micron	Core	Case Quantity
500MM	200M	25	STANDARD	6

Sometimes referred to as 'security film', black wrap is super strong and is opaque to hide the goods that are wrapped.

MACHINE WRAP

Roll Width	Roll Length	Micron	Case Quantity
500MM	1700M	20	1
500MM	1700M	23	1

Designed to be used with a power pre-stretch wrapping machine, Our cast Machine pallet wrap systems are ideal where very high volume and continuous pallet wrapping is required.

HANDY WRAP

Roll Width	Roll Length	Micron
100MM	150M	17

HANDY WRAP DISPENSER

Other sizes and thicknesses of wrap are available, please enquire

Small and lightweight, Handy wrap rolls are ideal for bundling up lighter items or for those who are wrapping infrequently. These are best used with our handy wrap dispenser

CENTRE FOLD SHRINK FILM

Roll Length	Micron	Qty Per Roll
1250/2500MM	125	85M

Centre fold polythene is ideal for stabilising and protecting awkward shaped products while in transit. Polythene shrink film provides transparent all weather protection and is used with our shrink film pallet guns

SHRINK GUSSET POLYTHENE TUBING

Size	Micron	Roll Length	To Suit Load Size
1250/2250MM	125	50M	1000 X 1200MM
1200/2300MM	200	30M	1000 X 1200MM

Ideal for stabilising and protecting pallets of variable heights. Made to suit a pallet size of 1200x1000mm, simply cut the tubing to suit the height of your pallet and shrink using a heat gun.

POLYTHENE SHRINK BAGS ON ROLL

Size	Micron	Qty Per Roll	Pallet Cover Size
1200 X 800 X 1200MM	125	30	1300/2150 X 1850MM
1200 X 1000 X 1200MM	125	30	1300/2350 X 1950MM
1200 X 1200 X 1200MM	125	25	1300/2550 X 2050MM

Stabilise and protect your pallets in transit with our gusseted pallet shrink covers. We supply a range of three sizes to secure most conventional pallets. Perforated on the roll for convenience.

RIPACK 2200 PROPANE GAS SHRINK SYSTEM

- 68kw of power
- instantaneous Ignition
- Cold nozzle (no risk of burns)
- lightweight and easy to use

MOBILE SHRINK FILM DISPENSER

Shrink film dispenser on lockable castors. Expands up to 2m in width. Holds up to 3 rolls

Centre fold shrink film is used in a variety of packing applications, to protect and enhance the look of a product. Used in combination with a sealer and heat gun.

IBAR450 ECONOMICAL PORTABLE I-BAR SEALER 450MM

No warm time needed, outlet plug 240v
450 x 800mm/7.5kg. Requires HAB1500 Hot Air Gun

LBS300 L-BAR HEAT SEALER

For 300mm PVC shrink film.
Requires unrolling device and HAB1500 Hot Air Gun

PVC SHRINK FILM SYSTEM

Comprises of 1 x 400mm **Impulse Sealer**, 1 x **HAB1500** Hot Air Gun and 1 x 450mm **Film Unroller**

HAB1500 HOT AIR GUN & STAND

For PVC Shrink Film

Our shrink chamber machines offer the very best in heat shrinking technology. All models seal and shrink in one operation using our range of centre fold shrink films. The film is kept open around the product loading tray. The operator then inserts the product and moves it along with the film to the sealing position and then lowers the hood to initiate the sealing process..

SC238 HEAT SHRINK CHAMBER MACHINE

POWER SUPPLY:	110/220/230/240V. 50/60HZ. 1-PHASE

	1000+	5G	5G	10G	10G	10G

The drop'n tell system includes two warning labels and is available in six different G-ranges. The device monitoring five times the force of gravity is very sensitive while the device monitoring one hundred times the force of gravity requires a greater impact to activate. Attach the drop'n tell device to your product by removing the liner on the back to expose the adhesive or screw/nail it using the holes at each end

Tip'n Tell is a brightly coloured device that product handlers can quickly recognise. It includes a system of labels that warns all handlers of a monitoring device. The Tip'nTell can be mounted on the inside or outside of your shipment. The device is activated by pulling the bar in the centre of the device. The device can be stuck to the product by removing the liner on the adhesive or by nailing it to the container.

If your product is tipped slightly less than 90 degrees or beyond, the clear arrow becomes permanently blue. Your customer can immediately check for damage.
